Disability NOW is organising the annual exhibition "Autonomia EXPO"

Autonomia EXPO 2007 Exhibitors

It wouldn't be arrogant to say that in Autonomia EXPO in May 2007 all the enterprises that were interested in addressing consumers with disabilities and special consumer needs were there with stalls. Few, very few enterprises were missing, but will certainly be with us in the next Autonomia EXPO.

Within three days Autonomia EXPO became an institution. Inside 2500 s.m. 90 enterprises and agencies exposed thousands of aids, services, technologies and ideas aiming at simplifying the life of people with disabilities.

In Autonomia EXPO 2007 the exhibitors presented the most contemporary wheel-chairs, adapted computers, specialized software, cars, driving systems, modern new technology artificial limbs, urine collection systems, intermittent catheterization, penis condoms, rehabilitation centers, mattresses and beds for bed sore treatment, treatment centers, ramps and lifts, home, kitchen and bathroom adjustments, accessible hotels, recreation areas, voice and phonetic dictation technologies, home support and health-care services and anything else that can improve life when it is being lived under disability conditions.

In Autonomia EXPO 2007 the following enterprises participated with stalls:
