Disability NOW is organising the annual exhibition "Autonomia EXPO"

Autonomia EXPO 2008 Exhibitors

Attendance by people with disabilities in the first opening of Autonomia EXPO 2007 evidenced the interest of the disability community and conveyed to all the existence of an active and empowered disability. All participants renewed their interest for this year's event, in May 2008, and increasingly more, including European providers, have claimed a stand in Autonomia EXPO. The aim is to expand the geographical scope of Autonomia EXPO and bring together European providers and people with disabilities in a Europe-wide exhibition, in a larger venue, and in essence to provide a Europe-wide celebration of disability, accessible and independent ways of living.

In Autonomia EXPO 2008 there were stalls of all the enterprises and the agencies providing services and products for consumers with disabilities and special consuming needs.

For 2008, Autonomia EXPO targeted directly at the consumer with disability and special consumer needs. In May 16, 17 and 18, 2008, from 10 a.m. to 9 p.m., in an area of 4,500 m² at the Peace and Friendship

Stadium all the products and all the services for independent living, health, rehabilitation and the accessible ways of living were there.

In Autonomia EXPO 2008 the exhibitors presented the most contemporary wheel-chairs, adapted computers, specialized software, cars, driving systems, modern, new technology artificial limbs, urine collection systems, intermittent catheterization, penis condoms, rehabilitation centers, mattresses and beds for bedsores, treatment centers, ramps and lifts, home, kitchen and bathroom adjustments, accessible hotels, recreation areas, voice and phonetic dictation technologies, home support and health-care services and anything else that can improve life when it is being lived under disability conditions.

In Autonomia EXPO 2008, the following enterprises reserved their booths:
